

## About Randall Lawson

As a Youth Missionary, I have been working with Teens for over 25 yrs. I had started with a Jr. High Ministry in California called **Morningstar Outreach**, impacting Teens off of the streets of San Francisco and Oakland. I was then involved with **City Team Ministries** in San Jose California working with Inner city Teens, and this is where I fell in love with ministering to High School students. I was also involved with **Campus Life (Youth For Christ)** in Walnut Creek/Concord California and **Young Life** in the Lafayette area.

God had called me back home here to Iowa, which started in 1997... to put into practice all that He had been teaching me.

Over the years I have been blessed to be trained by some of the most gifted and talented teachers, directors and co-youth ministers. Education has also included attending numerous Youth Ministry Training Seminars, as well as being an avid reader and student of theology, psychology, sociology and about anything that has to do with impacting teens.
